One Weeks Harvest in August

A Thank you....

The Dallas Youth Garden is a sustainable market garden. Each year we provide paid internships to a few local high school students, who each get an area of the garden to tend to. All of the garden's produce is donated to the Dallas Food Share program

As the growing season comes to a close, the Dallas youth Garden would like to thank Dallas Lions Club, Dallas Community Foundation, Dallas Rotary Club, and Polk County Family and Community Outreach for sponsoring our interns this year. We would also like to thank our contributors, including Al's Nursery, Anderson Mobile Service, Arnie Pederson, Barbara Nichols, Brad Foster, BBB Seed, City Of Dallas, Clyde Freeborn, Dallas Service Integration Team, Dean Anderson, Don Saul, Elaine Wilson, Garland Nursery, Jim and Jona Fitzgerald, Jim Sivcek, Kathy Chiles, Linda Fox, Lippsmeyer Family, Marrs Bros, Nan and Gary Cordy, Old Mill Feed Store, Perryhill Farms, Polk County Master Gardeners, Rickreall Dairy, Seed Savers, Sue Larson, Teal Creek Farms, Territorial Seed Co, Van Well Building Supply, Whites Hauling and Trucking, and Wilco, who donated their time, money, and materials to help our program thrive.
